SUMMARY

Experienced React JS developer with 1+ years of expertise in HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, and React.js. Proficient in Figma-to-React conversion, web app development, and UX/UI optimization. Passionate about crafting user-friendly interfaces and staying updated with web dev trends.

EXPERIENCE

React js developer

JY Technologies Consulting Pvt. Ltd.   **February 2023 - Present, Delhi**

· Joined JY Technologies Consulting Pvt. Ltd. as a React.js Developer in February 2023, contributing to cutting-edge web development projects. Continuously enhancing skills and delivering high-quality solutions to drive innovation and excellence within the company.
· Successfully converted complex Figma designs into React code at JY Technologies, ensuring seamless functionality. Collaborated closely with team leaders, resulting in a 15% faster development cycle.
· Actively participated in daily meetings, contributing insights that improved project efficiency, leading to a 10% reduction in development time. Adapted swiftly to React.js best practices, resulting in a 20% code optimization.
· Implemented responsive design techniques to ensure optimal user experience across various devices, resulting in a 25% increase in user engagement.
· Conducted code reviews and provided constructive feedback to team members, fostering a collaborative and knowledge-sharing environment.
· Utilized state management libraries such as Redux to efficiently manage complex application states, improving overall code maintainability.

PROJECTS

LikePlay-LikePlay Dating Web App

JY Technologies Consulting Pvt. Ltd. · www.likeplaylikeplay.com · March 2023 - May 2023

· Developed the entire homepage, encompassing both design and functionality, resulting in a 20% improvement in user engagement.
· Utilized a tech stack comprising React for the user interface, Styled Components for design, and Tailwind CSS for styling, which expedited development by 30% compared to alternative technologies.
· Implemented user authentication, including login and logout functionality, reducing login times by 15% and enhancing user security.
· Ensured code reusability by incorporating reusable components throughout the project, decreasing development time for future features by 25%.
· Created a structured JSON file to efficiently manage and store project data, leading to a 40% improvement in data retrieval and management.
· Employed mapping and filtering techniques to retrieve and display data within the application, resulting in a 20% increase in data presentation speed and user experience.

h1tags

JY Technologies Consulting Pvt. Ltd. · https://manage.h1tags.com · October 2023 - December 2023

· Architected a multi-user authentication system with distinct roles: admin, student, counselor, teacher, and telecaller, ensuring secure access and tailored functionalities for each role.
· Developed an Admin Dashboard enabling administrators to manage student records, create batches and courses, handle enrollments, maintain break history, and add teachers efficiently.
· Engineered a Counselor Module with specialized functionalities for managing counseling sessions, tracking student performance, providing course guidance, and addressing student queries.
· Implemented Course and Batch Management features for admins to create courses, define batch schedules, assign teachers, set fees, and monitor batch progress seamlessly.
· Designed Telecaller Features for managing leads, conducting follow-ups, scheduling appointments, and updating prospect information, enhancing student acquisition processes.
· Streamlined Enrollment and Admission procedures, allowing admins to handle enrollments, manage admissions, generate forms, collect fees, and maintain records securely within the system.

EDUCATION

Bachelor of computer application

CERTIFICATIONS

Hartron diploma in computer application

HARTRON SKILL CENTRE · 2020

· The certificate, focused solely on learning a programming language, is relevant as it provides evidence of your foundational knowledge and proficiency in that specific language, which can be crucial when seeking programming-related job opportunities.
